Windsor Police Service False Alarm Reduction Bylaw

1. Definitions

"Alarm Company" means a person or entity selling, installing, maintaining, servicing or monitoring a security alarm system.

"Alarm User" means any person or group of persons who use an alarm system to protect any building structure, facility, premises, or ATM and may be either the owner, occupier, or lessee of the premises where the alarm system is installed.

"Keyholder" means an individual designated by the alarm user who can be contacted in the event of an alarm condition. This individual must have access to the alarmed premises and be able to operate the alarm system.

"Chief of Police" means the Chief of Police of the Windsor Police Service, or his designate.

"Alarm Coordinator" means the person appointed by the Chief of Police to administer the provisions of the by-law

"Police Service" means the Windsor Police Service.

"Police Response" means the dispatch of officers of the Windsor Police Service.

"Automatic Teller Machine" (ATM) means a stand alone device used to dispense or receive cash.

"Alarm Incident" means the activation of a security alarm system and the direct or indirect reporting of the activation to the Windsor Police Service.

"False Alarm" means an alarm incident where there is no evidence of an unauthorized entry or an unlawful act having been attempted or made into, on or respecting a building, structure, or premise, or Automatic Teller Machine, either intentionally or unintentionally that unnecessarily or improperly results in a police response, and includes but is not limited to:

- a) The activation of a security alarm system during its testing.
- b) A security alarm system activated by mechanical failure, malfunction, or faulty equipment.
- c) A security alarm system activated by atmospheric conditions, vibrations, or power failure.
- d) A security alarm system activated in error by the owner of the premises, his agent or any employee.

"Excessive False Alarms" means the reporting to the Windsor Police Service directly or indirectly 4 or more false alarms within a 12 month period.

"Security Alarm System" means an assembly of mechanical or electrical devices which is designed or used for:

- a) The detection of entry into or damage to a building, structure or premises, but does not include a device that is installed in a "motor vehicle" as defined in the Highway Traffic Act of Ontario, or a personal security alarm.
- b) The transmission of a manually activated emergency signal to an alarm company but does not include the Aware Alarm System.

"Monitored Alarm System" means a security alarm system that when activated transmits a sound signal or message to an alarm company.

"Non Monitored Alarm System" means a security alarm system that when activated does not transmit a sound or signal to an alarm company.

"Audible Alarm System" means a security alarm system that when activated emits sound in or around the building, structure or premises where it is located and is not a monitored alarm system.

"Aware Alarm" means the personal alarm provided to Domestic Violence victims in conjunction with the Windsor Police Service for use in their homes.

"Personal Security Alarm" means a hand held portable non-monitored device that when activated emits an audible sound or signal.

"Alarm System Inspection Report" means a report on the operating condition of a security alarm system and completed by an approved alarm service technician.

"Verification" means that the alarm company shall by way of telephone or other electronic means contact the alarm user to determine whether a police response is warranted to the registered premises, prior to the alarm call being transmitted to the Windsor Police Service for response

"Revoked Alarm System" means a security alarm system that has had police response downgraded to a non-emergency priority.

"Suspended Alarm System" means a security alarm system where the Chief of Police has refused a police response to an alarm incident.

Windsor Police Service False Alarm Reduction Bylaw sections 2 - 20

2. Alarm Coordinator

There shall be an alarm coordinator who shall be appointed by the Chief of Police to administer the provisions of the by-law.

3. **Registration Procedures:**

- (1) No person shall use a security system without first registering said system pursuant to this by-law.
- (2) (a) A person seeking to use a security alarm system shall make application on the form provided for that purpose by the Chief of Police and shall pay the fee set out in Schedule A, and shall provide any additional information as requested by the Chief of Police.
- (b) The applicant shall ensure that information required by subsections 4 (a) and 8 (1) is current and shall notify the Windsor Police Service forthwith in writing or by facsimile of any changes in the information.
- (c) After considering an application pursuant to subsection 5(a) the Chief of Police may grant a registration number authorizing use of a security alarm system if the system complies with this by-law.
- (d) An alarm registration number that has been granted shall be issued in the name of the person or entity occupying the premise in which the security alarm system is installed.
- (e) An alarm registration number shall not be reassigned or transferred.
- (f) An alarm registration number shall be address and or unit specific.
- (g) an alarm registration number shall be valid for one year after its date of issuance unless revoked or suspended pursuant to this by-law.

4. **ATM's**

All ATM's must be registered separately from any other alarm system at that specific address.

5. **Refusal**

- (1) The Chief of Police shall refuse to issue an alarm re-registration if an alarm registration number relating to the security alarm system has been canceled pursuant to section 7 and has not been reinstated pursuant to this by-law.

- (2) As an exception to subsection (1) the Chief of Police may issue a registration number if that applicant is unrelated to the holder of the canceled permit.

6. **Revocation**

- (1) The Chief of Police may revoke an alarm registration number if:

the security alarm system has incurred a 4th or subsequent false alarm during the registration period and the alarm user has not remitted the alarm administrative fee as per schedule "A" within the prescribed time period as per schedule "B".

7. **Suspension**

- (1) The Chief of Police may suspend an alarm registration number if:

- (a) the security alarm system is currently revoked and the alarm user has not remitted the alarm administrative fee as per schedule "A" within the prescribed time period as per schedule "B".
- (b) the security alarm system causes excessive false alarms; or
- (c) the registered user has contravened a provision of this by-law.

- (2) Where the Police Service is notified of an alarm incident and no alarm registration for the security alarm system has been issued pursuant to this by-law, and a police response has taken place the alarm system shall be deemed as suspended if the registration and administrative fee as per schedule "A" has not been remitted as per schedule "B".

- (3) Where the Windsor Police Service is notified of an alarm incident and the security alarm system has been suspended the Chief of Police may refuse to provide police response to said alarm incident. If an alarm company notifies the Windsor Police Service of an alarm incident and the security alarm system has been suspended the alarm company is subject to the alarm administrative fee as per schedule "A".

7. **Suspension**

- (4) Where the Chief of Police suspends an alarm registration the alarm registration holder shall be notified of the suspension and shall be given the reason for the action taken. The notice shall be in writing and shall:

- (a) be delivered to the registration number holder; or

- (b) be mailed by registered mail to the registration number holder at such person's address as shown on the application for the registration number. When a monitored alarm system is involved a copy of the notice shall be delivered by ordinary mail or by facsimile to the company or person monitoring the security alarm system.
- (5) An alarm that has been suspended may, upon payment of the fee set out in Schedule "A" be reinstated by the Chief of Police who may impose conditions on the reinstatement. The registration shall not in any event be reinstated until submission of an alarm system inspection report.

8. **Keyholders**

- (1) Every person who obtains an alarm registration number shall keep the Chief of Police informed by notice in writing of the names, addresses and telephone numbers of at least three persons who may be contacted in the event of an alarm incident.
- (2) The persons whose names are provided pursuant to subsection (1) shall be persons who are:
 - (a) Available to receive telephone calls from the Police Service in the event of an alarm incident.
 - (b) Able to attend at the address of the alarm incident within 30 minutes of being requested to do so by the Police Service.
 - (c) Capable of affording the Police Service access to the premises where the alarm incident is located and
 - (d) Capable of operating the alarm system and able to safeguard the premises.

9. **Automatic Calling Device**

No person shall use or operate, or permit the use or operation of any automatic calling device to transmit messages to any telephone number assigned to the Police Service.

10. **Alarm Verification**

- (1) Before notifying the Windsor Police Service of an alarm incident originating from a monitored alarm system, the alarm company shall verify with the registered alarm user by phone or other electronic means to establish if the incident is a false alarm.
- (2) Where an alarm incident is reported to the Police Service by an alarm company, the company shall at the same time provide the Police Service

with the registration number for the alarm system that was activated by the incident.

- (3) Subsection (1) does not apply to hold up alarms, or a security alarm system installed in a bank, trust company, credit union, or any other place designated by the Chief of Police.
- (4) An alarm incident shall be deemed as canceled and will not be classified as a false alarm when:
 - (a) the call to cancel is received prior to the arrival of a mobile response unit at the alarmed address and
 - (b) the alarm is registered.

11. **General**

- (1) The Chief of Police may at any time require a registered alarm user to submit an alarm inspection report.
- (2) Schedule "A" is attached to, and forms part of this by-law; Schedule "B" is attached to, and forms part of this by-law.
- (3) Every person who:
 - (a) violates any provisions of this by-law.
 - (b) permits any act or thing to be done in contravention or in violation of any of the provisions of this by-law.
 - (c) neglects to do or refrains from doing anything required to be done by any of the provisions of this by-law.
 - (d) fails to comply with any order, direction, or notice given under this by-law;Is subject to **revocation** and/or **suspension** of their alarm registration.
- (4) Administration of this bylaw is the sole responsibility of the Chief of Police.

Schedule "A"

Windsor Police Service Alarm Division

November 28, 1996

False Alarm Reduction Bylaw

Fees

The following fees shall be paid at the time of application:

1. Alarm Registration

There shall be a \$24.00 per year registration fee, prorated at \$2.00 per month to a common registration date (February 1st). In the case of The Windsor Board of Education and The Windsor Separate School Board there shall be a flat fee of \$200.00 that will cover all schools and properties with alarm systems. GST is applicable to this registration fee and shall be inclusive of aforementioned amounts.

2. Administrative Fees

The following shall be subject to an administrative fee of \$100.00 plus GST (\$100.00 + \$7.00 = \$107.00)

(a) A registered alarm user who incurs a 4th or subsequent false alarm within the registration period, or

(b) The user of an automatic dialing device that transmits messages to any telephone number assigned to the Police Service.

3. An alarm company that notifies the Windsor Police Service of an alarm incident in which registration has been suspended shall be subject to an administrative fee of \$200.00 plus all applicable taxes.

4. Prior to reinstatement for any reason under this bylaw the alarm user will be required to pay a reinstatement fee of \$150.00, plus applicable taxes as well as any administrative fees outstanding prior to suspension.

Schedule "B"

Windsor Police Service Alarm Division

False Alarm Reduction Bylaw

Payment Schedule

Registered Alarm Systems

Registered alarm systems that incur a 4th or subsequent false alarm:

1. The alarm user shall have 15 days from the date of the administrative fee notice to comply with payment or the security alarm shall be considered **revoked**. Unless the alarm user shows just cause why an extension should be granted.
2. The alarm user shall have 15 days from the date of revocation to comply with payment or the security alarm system shall be considered **suspended**. Unless the alarm user shows just cause why an extension should be granted.

Unregistered Alarm Systems

1. The alarm user shall have 15 days from the date of the administrative fee notice to comply with payment or the security alarm system shall be considered **suspended** unless the alarm user shows just cause why an extension should be granted.

False Alarm Reduction Bylaw

Agreement of Understanding

Alarm Companies

1. It will be the responsibility of the alarm company to be fully aware of the Windsor Police Service False Alarm Reduction Bylaw, and to conform with it.
2. Alarm companies will provide up-to-date, accurate information to the Windsor Police Service through the Alarm Coordinator, on any pertinent changes to their company and/or customers.
3. It is the responsibility of the alarm company to ensure their customers are properly educated in the use of the alarm system, and verification procedures required by the Windsor Police Service.
4. Alarm companies are responsible for up-to-date accurate keyholder files for each of the monitored alarm premises they service.
5. Alarm companies will provide all new customers (both monitored, and non-monitored systems) with the approved alarm registration form.
6. Alarm companies installing local alarm systems (both monitored, and non-monitored) will assist their customers in forwarding keyholder information to the Windsor Police Service.
7. The alarm company will provide the alarm registration number and the name of the keyholder contacted to the Windsor Police Service when calling in the alarm.
8. The alarm company will verify all alarm incidents prior to contacting the Windsor Police Service. Exceptions: hold up alarms, financial institutions as stated in sect.15, sub section (3).

Appendix "A"

Windsor Police Service Alarm Division

November 28, 1996

False Alarm Reduction Bylaw

Agreement of Understanding

Alarm Users

1. Alarm users are responsible for their alarm activity.
2. It is the users responsibility to ensure all persons properly trained in both the use of the system, and the requirements.
3. It is the responsibility of the user to ensure that an up-to-date, accurate list of keyholders is supplied to the alarm monitoring company.
4. The user must understand that the keyholders have a responsibility to attend at an alarm scene if requested to do so by the alarm company, or the Windsor Police Service . Their response to the call must be as soon as the call is received.
5. To the extent that each alarm system allows, the keyholder must assist the responding officers in determining the origin of an alarm signal, and its cause.
6. The keyholder must be able to provide officers access to the premise, be able to deactivate the alarm system, and secure the premise upon police departure.
7. Persons installing their own alarm systems must advise the Windsor Police Service. This shall be achieved through the approved registration form.
