Expansion

Casino Windsor is transforming into a luxurious resort destination with a \$400-million expansion and renovation project to be completed in early 2008. A new 369-room hotel tower will complement the existing 389-room four-diamond hotel. A multi-functional 5,000-seat entertainment centre will spotlight world-class performers and 100,000 square feet of convention space will set a new standard for resort destinations in the area. Renovations inside the current facility have opened up several new restaurants and bars, an impressive six-story rotunda and an elegant gaming floor.

Upon opening, the facility will be renamed Caesars Windsor, a world-class brand known for its attentive service and over-the-top extravagance.

Gaming Floor

The world-class theme is carried throughout our 100,000 square foot gaming floor with vibrant colors and rich finishes that create a refined atmosphere. Table games, slots and sports wagering provide non-stop excitement and entertainment.

Convention Centre

With 100,000 square feet of convention space, including a multi-use 5,000-seat entertainment centre and trade show exhibition hall, the dream of having a world-class facility in the Windsor/Detroit market is quickly becoming a reality.

Whether you require facilities for a small gathering or a large convention, Casino Windsor will offer an innovative destination to impress your guests. An endless array of catering possibilities and the latest in audio-visual equipment provides the superior product and luxury that will make your meeting a memorable event.

Ballroom

True to the luxurious Caesars brand, the 26,000 square foot ballroom features subtle silver and gold tones against a neutral backdrop, creating a level of sophistication desired for a high-end function area. The room can be separated into four sections with soundproof dividers.

Conference Rooms

Small meetings require special attention and meaningful interaction. Let us help you with delicious catering options, state-of-the-art presentation technology and as always, attentive service. Seven conference rooms are available in the new convention centre.

Business

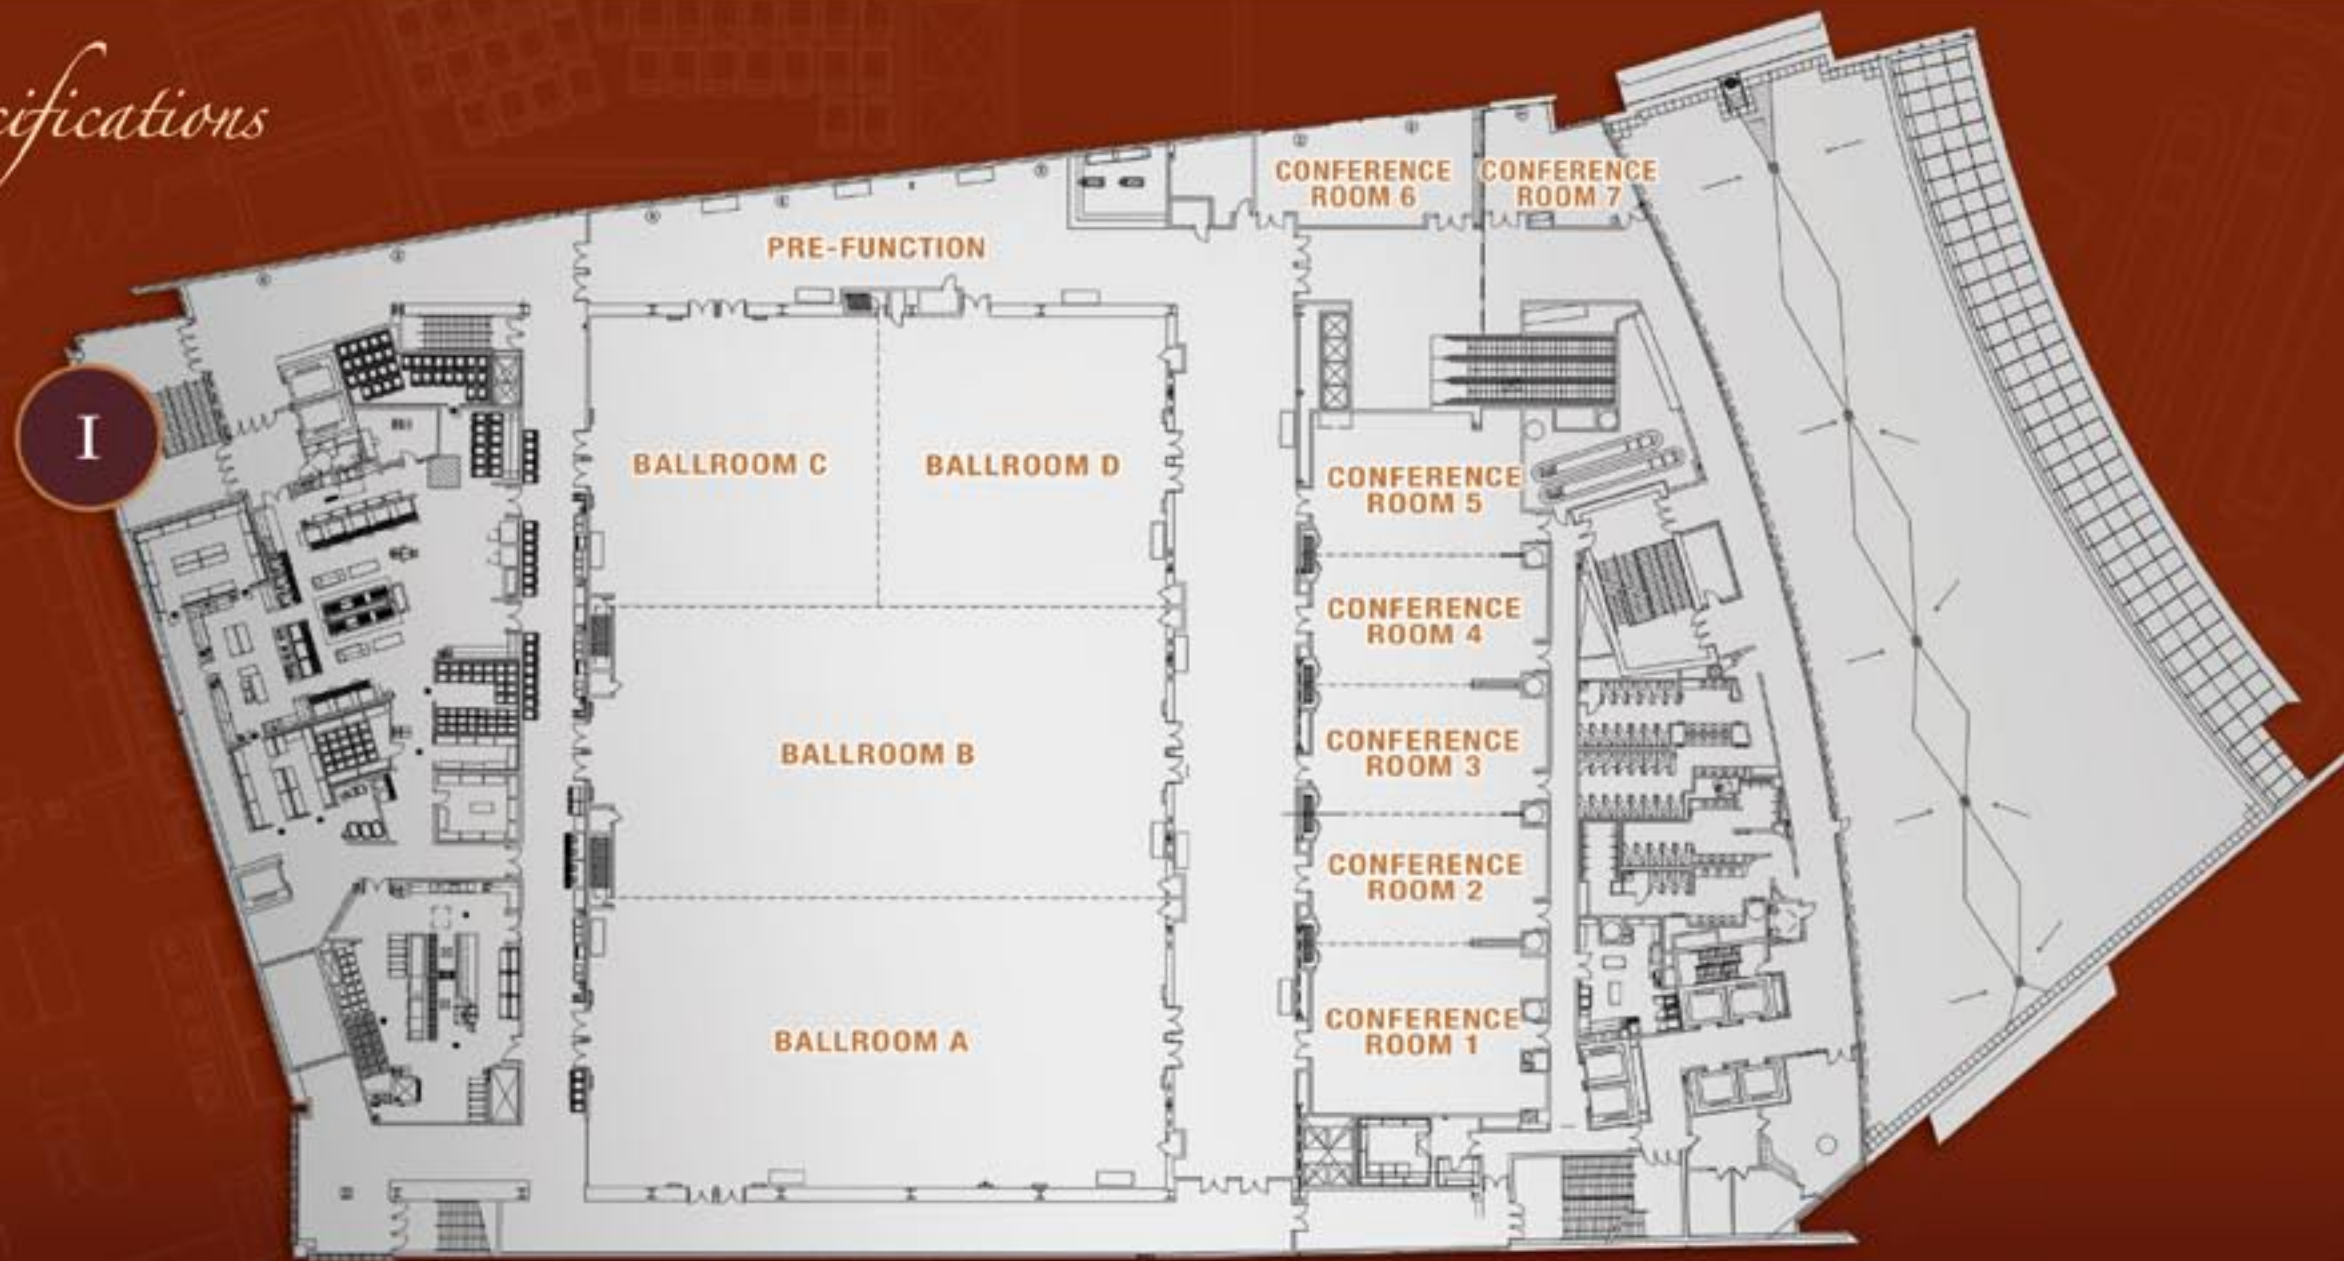

A full-service business centre will be available on the convention level to handle your needs while you're out of the office.

Entertainment Centre
